Who's that dog?

All dogs need to wear a collar and a tag for identification. The ID tag should list the dog owner's phone number and address. If the dog gets lost, the tag will tell people where the dog lives so that they can help it get back to its owner.

If the dog in the picture below were your dog, what would its name be?

My dog's name is:

Now, fill in the ID tag with an address and phone number. Cut the tag out, and paste it to the dog's collar.
